A 2-DAY ONLINE INTERNATIONAL WORKSHOP ON IMAGE AND SIGNAL PROCESSING OF REAL TIME BIOMEDICAL DATA

Date : **28 MAY 2022 & 4 JUNE 2022**
Time : **1.00 PM – 5.45 PM**
Venue : **Virtual via ZOOM**

DESCRIPTION:

A 2-day online international workshop organized by the experts from industry and various academic institutions. All are invited to join this free workshop. E-certificate will be provided to all the registered participants who successfully completed all sessions.

TOPICS COVERED DURING THE WORKSHOP:

Image Enhancement (Theory & MATLAB), Image Feature Extraction (Theory & MATLAB), Image Classification (Theory & PYTHON), Signal Enhancement (Theory & PYTHON), Signal Feature Extraction (Theory & PYTHON), and Signal Classification (MATLAB SIMULINK & PYTHON)
