

Date: 26 May 2022

UK-South East Asia Higher Education and  
Research Partnerships (UK-SEA PEER) Seminar  
28 June 2022, Bangkok

Dear Sir/Madam

We are delighted to invite you to the UK-SEA PEER seminar '**We can't take inclusive and equal partnerships for granted**' which will take place at Chulalongkorn University in Bangkok, Thailand, on 28th June 2022, 14.00-18.00 Bangkok time, 08.00-12.00 British Summer Time.

The UK-SEA PEER project is an international research study led by Coventry University, UK and funded by the British Council. The research examines bilateral, multilateral and regional partnerships in Higher Education (HE), Technical and Vocational Education and Training (TVET), and Research and Innovation (R&I), between the UK and 15 East Asian countries and territories in the past decade. Combining British and Asian perspectives, UK-SEA PEER aims to develop innovative and alternative concepts for future partnerships that bring equity, mutual benefits and added value to all involved.

At this special event the UK-SEA PEER research team will present some research findings and hold a **Roundtable Policy Dialogue** on the following questions:

- *What models of UK-East Asia partnerships in transnational education (TNE) and Research have been prioritised and how do they compare across East Asian countries?*
- *How and by whom are inclusiveness and equality in partnerships defined and implemented?*
- *What emerging opportunities drive UK-East Asia partnerships in a post-Brexit and post-Covid era?*

**Programme**
