**Nurturing
Global-Savvy Future Ready Asian Citizens
in the heart of Global Asia**

ABOUT TF LEaRN @NTU

The Temasek Foundation Leadership Enrichment and Regional Networking Programme @ Nanyang Technological University, Singapore (TF LEaRN @NTU) is funded by Temasek Foundation. The goal of the TF LEaRN @NTU scholarship programme is to nurture global-savvy future ready Asian citizens, building bridges among student leaders in Asia, with an aim to achieve the following:

1. Form a sustained network amongst regional LEaRN participants and build regional connection for the development of Asia.
2. Work together in a culturally diverse, multi-disciplinary team on a real-world SDG related project.
3. Acquire skillsets in cross-cultural intelligence, entrepreneurship, design/ systems thinking and social innovation whilst involved in the immersion programme.
4. Develop a global mindset by acquiring a better appreciation of another culture, lifestyle, language, and enriching their leadership skills.

TF LEaRN @NTU serves to provide a global learning experience for talented ASEAN undergraduates with good academic standing and leadership potential to participate and learn alongside NTU students in a short-term multi-location (Singapore and another ASEAN city) programme. Selected participants of TF LEaRN @NTU will develop a strong sense of cross-cultural intelligence and gain a global mindset with sustained network of friends for regional networking among the development of Asia. They will also develop 21st Century competencies that will prepare them to be successful in their chosen profession.

30 selected ASEAN undergraduate students will be offered this opportunity with NTU with tuition and living expenses covered.

The TF LEaRN @NTU Programme will be held from **28 June to 29 July 2023**.

Application for AY2022-2023, Special Term is currently open!

In addition to its main campus in the western part of Singapore, NTU also has a medical campus in Novena, Singapore's healthcare district.

REQUIREMENTS

1. TF LEaRN @NTU Programme

A comprehensive summer programme over 4.5 weeks has been specially curated to build and enhance key skillsets that are important for students to be Future Ready. ASEAN youths shall first travel to Singapore to meet up with NTU students for cultural and academic immersion. Here at NTU, they will take an Entrepreneurship course, attend workshops and lectures covering design/ systems thinking and intercultural competences and then apply the learnings to solve an SDG issue within a multicultural and interdisciplinary team.

For the second segment of their learning, they will participate in a field trip to an ASEAN city and gain a deeper appreciation about Singapore and the selected ASEAN host country. This will cultivate a better understanding and sensitivity to diverse cultures and perspectives. In 2023, this segment of the programme will be held in Bangkok, Thailand, hosted by Mahidol University.

LEaRN scholars will earn 3 NTU academic units upon completion of the programme.

2. Coursework on 'Professional Development and Occupational Success' Pillar

At NTU, the LEaRN scholars will gain a fundamental understanding of the entrepreneurial process, of how entrepreneurs start and implement their business ideas and this will instill in them an entrepreneurial mindset posture for the future. They will attend workshops and lectures covering design/ systems thinking and intercultural competences and then apply the learnings to work on an SDG-related project and build a business model. They will then pitch the business solution to their peers and the academics.

3. Experiential Learning on 'Role and Impact of Asia in the World (Singapore's Perspective) and Intercultural Competence' Pillar

The programme will culminate in a 2-week immersive experience in Bangkok, Thailand where LEaRN scholars continue their learning on entrepreneurship to build industry-relevant knowledge that will allow them to expand their business (see Point 2) into the Thai market as well as gain an overview of the economic and social landscape of Thailand and regional networks. They will also deepen their appreciation and empathy towards cross-cultural differences and similarities in a multitude of ASEAN backgrounds. The LEaRN scholars will also learn about the Thai culture and participate in excursions to important heritage sites and visits to leading companies in the region. The group work on a global SDG project to solve real world issue within a multi-cultural and multi-disciplinary team shall enhance their intercultural communication and coordination skills.

4. TF LEaRN Joint Event

LEaRN scholars are required to participate in the TF LEaRN Joint Event organised by SMU with the aim to provide a networking platform for all LEaRN 2023 scholars from NTU, NUS and SMU.
